

Technical Specifications

System Requirements

For the successful implementation of iTaLAM in your school, please read the following technical requirements:

		Minimum Requirements	Recommended
Infrastructure	Internet per 20 concurrent users	50 Mbps and more	
Devices	Each device should have earphones, microphone, and camera (built in or added). Except for iPad, device must have external mouse (not touchpad).		
PC/Laptop			
	Operating System	Windows 7 and later	Windows 10
	Browser	Chrome (from Desktop)*	
	Processor	Intel i5	Intel i7 and later
	RAM	8GB	
Chromebook			
	Version	2014	2015 and later
iPad			
	Version	iPad Air 2 and later	
	Operating System	iOS 10 and later	
	Access	iTaLAM app from App Store	

Additional recommendations:

- It is highly recommended that each classroom have an access point within the room.
- The access point should support a large number of users (over 100).
- If possible, use only one dedicated gateway for the iTaLAM app as iTaLAM is sensitive to changes in gateway.
